

Hoppt Australia brings to Australia the full range of Hoppt Construction Equipment from Hoppt Singapore.

Since commencing operations in 2013 Hoppt Australia has established itself as a supplier of quality light construction equipment. Based in Sydney, with a network of dealers across Australia, New Zealand and the Pacific Islands, Hoppt Australia sells a comprehensive range of light construction equipment including plate compactors, rammers, rollers, trowel machines, site utilities and concrete vibrators.

Quality You Can Trust

Our strength lies in the manufacturing expertise acquired over 40 years in the business. At Hoppt we have our own manufacturing facilities providing total control over the manufacturing processes ensuring the highest quality and consistency of our products, delivering to our customers – "Quality you can trust".

Our Innovation

Beyond the continuous improvement of staff, constant research and development of our products are our highest priority. Incorporating valuable feedback from our broad customer base, we are continuously improving our range of products and creating new and innovative equipment designed to meet the ever-changing needs of our customers.
