

SINGLE DIRECTION VIBRATING COMPACTOR ZEN

FAMCO
هایپر صنعت

The ENAR ZEN single direction vibrating compactor Series are economical, easy to handle and can easily be transport.

The Enar Zen series are users' number one choice for compacting mixed soil in restricted areas, cohesive materials and paving stones.

Variety and Efficiency.

The Enar Zen Series offers a range up to 110kg with different engine configuration and options according to the needs of each client.

The Robust and ergonomic handle, the incorporation of wheels to the plate makes it easy to transport to any desired location on the construction site.

+ Transportation easy.

With the incorporation of a wheel set, we've made it easier than ever to transport vibrating plates at the construction site.

+ Full range A variety of models.

The single direction vibrating compactor comes in a complete range of engines for the needs of each client.

+ Robust Resistant.

The base of the Enar Zen Series is made of high quality resistant cast iron to provide a long lasting operational life. It also comes with a heavy duty frame that protects the engine.

+ Ergonomics of use.

The handle is completely foldable on the compactor plate and it included as vibration absorption system to a higher comfort users.

ZEN 20DD	111	20.000	0-23	500X1165X958	

» Gasoline and / or diesel engines from different manufacturers.

» Vibration frequency : 5,600 vib/min.

» Accelerator integrated in handle.

» Easy start-up, actuation by centrifugal clutch.

» Optional VULKOLLAN® plate for compacting paving stones.

» Optional 9L water tank, with quick assembly and disassembly system to facilitate filling. Recommended for working with asphalt.

SINGLE DIRECTION VIBRATING COMPACTOR ZEN-E

FAMCO
هایپر صنعت

The ENAR ZEN single direction vibrating compactor Series are an economical option without giving up a good performance.

The Enar Zen series are users' number one choice for compacting mixed soil in restricted areas, cohesive materials and paving stones.

Variety and Efficiency

The Enar Zen Series offers a range up to 100kg with different engine configuration and options according to the needs of each client.

The Robust and ergonomic handle, the incorporation of wheels to the plate makes it easy to transport to any desired location on the construction site.

+ Full range A variety of models.

The single direction vibrating compactor comes in a complete range of engines for the needs of each client.

+ Resistant plate base.

The base of the ZEN-E Vibrating compactor is made of high quality resistant cast iron to provide a long lasting operational life.

+ Simplicity of design.

ZEN-E vibrating compactor is an economic version of the Zen Series without any change to compaction performance.

TECHNICAL DATA

MODEL	WEIGHT WITHOUT FUEL (Kg)	CENTRIFUGAL FORCE (N)	SPEED (m/min)	DIMENSIONS (WidexLongxHigh)	ENGINE

ZEN 20DGE	87	20,000	0-23	500X952X890	

» Vibration frequency : 5,600 vib/min.

» Centrifugal clutch driven and easy start.

» Option of polyurethane sheet for the base plate, for works on paving stones.

» Option of a 9-liter tank capacity is suitable for both asphalt works and dusty environment. It is easily removable for filling.

» Option of protection bar to protect the engine.

BANDEJAS REVERSIBLES CRENA

FAMCO
هایپر صنعت

La gama de bandejas compactadoras reversibles CRENA ENAR ofrece al usuario un producto robusto, fiable y manejable. Con un rendimiento superior para trabajos de entidad sobre materiales granulares.

VARIEDAD Y EFICIENCIA.

Bandejas con mando inversor de marcha desde 150kg hasta 500kg con diferentes configuraciones de motor y opciones de acuerdo a las necesidades de cada cliente. Lanza de conducción de fácil operación y maniobra.

+ Adaptability For each work.

CRENA plate compactors allow adjustment to any work by means of a progressive drive.

+ Full range Variety of models

Full range of reversible plate compactor adapted to each client. Different engines can be selected for every need.

+ Resistance High.

CRENA ENAR range are plate compactors are the best in high requirement works.

+ Maneuverability Ease of handling

CRENA ENAR have a driving lance that is easy to operate and maneuver. It also has a lifting hook Ease of handling Maneuverability

REVERSIBLE PLATE COMPACTORS TEN 25/30

FAMCO
هایپر صنعت

TEN 25/30 reversible plate compactors are an excellent option for jobs on granular soils, due to its high performance.

VARIETY AND EFFICIENCY

Plate compactors with a reversible drive from 100kg to 150kg. There is availability of different engines and other options according to the needs of each client. Driving assembly makes operation easy.

+ Ergonomics Comfortable use.

TEN 25/30 ENAR range is designed for an ergonomic work by user. The handle includes a shock-absorber device.

+ Full range Variety of models

Full range of reversible plate compactor adapted to each client. Different engines can be selected for every need.

+ Maintenance easy.

+ Adaptability For each work.

TEN 25/30 ENAR plate compactors allow adjustment to any work by means of a progressive drive.

TEN 25/30 ENAR range is designed for a low cost maintenance.

- » Gasoline and / or diesel engines from different manufacturers
- » Optimal frequency and amplitude for compaction.
- » Dead man system.
- » Tensioning system for easy assembly of transmission band.
- » Optional VULKOLLAN® plate for compacting pavers
- » Wheel set for transportation as an option.

REVERSIBLE PLATE COMPACTORS TEN 35

FAMCO
هایپر صنعت

TEN 35 reversible plate compactors are an excellent option for jobs on granular soils, due to its high performance.

VARIETY AND EFFICIENCY

Plate compactors with a reversible drive from 150kg to 500kg. There is availability of different engines and other options according to the needs of each client. Driving assembly makes operation easy.

TECHNICAL DATA

MODEL	WEIGHT WITHOUT FUEL (Kg)	CENTRIFUGAL FORCE (N)	SPEED (m/min)	FREQUENCY (vib/min)	DIMENSIONS (WidthxLongxHigh)	ENGINE	FUEL	POWER (cv)
TEN 35DH	215	35	0-22	4.500	90x55x110	HAZT IB 30	Diesel	7,4
TEN 35 DHEL	220	35	0-22	4.500	90x55x110	HAZT IB 30	Diesel	7,4
TEN 35GH	210	35	0-22	4.500	90x55x110	HONDA GX270	Gasoline	8,6
TEN 35GH	205	35	0-22	4.500	90x55x110	HONDA GX270	Gasoline	8,6

+ Ergonomics Comfortable use.

TEN 35 range is designed for an ergonomic work by user. The handle includes a shock-absorber device.

+ Noise level low.

TEN 35 range produce a low noise level, improving user's comfort during operation.

+ High performance.

TEN 35 plate compactors reach a high performance in cohesive and non-cohesive soils.

+ Robust & resistant.

TEN 35 range is tested under the hardest work conditions.

› Optimal frequency and amplitude for compaction.

› Dead man system.

› Tensioning system for easy assembly of transmission band.

› Choice of different covers for protecting the engine.

› Engine oil easily drainable.

› Engine selection for accomplishing even the highest demanding jobs.

› Option of electric starter for both oil and Diesel engines.
