

HYUNDAI POWER PRODUCTS

HYUNDAI POWER PRODUCTS is a fast growing part of the HYUNDAI CORPORATION. The high-quality HYUNDAI hand and garden tools, generators, power tools and machines are already used and appreciated by customers in more than 90 countries. The products are characterized by very good quality and an excellent price / performance ratio. The development and production of HYUNDAI hand and garden tools, generators, power tools and machines are subject to the strictest quality requirements. Customer satisfaction is at the top of HYUNDAI CORPORATION's priority list.

For use in your workshop, HYUNDAI offers powerful yet easy-to-use power and cordless tools such as screwdrivers, drills, rotary hammers, grinders, hot air guns, angle grinders, jigsaws, crosscut saws, industrial vacuum cleaners, compressors and tool sets.

HYUNDAI HAND TOOLS

The HYUNDAI hand tools combine very high processing quality, the best steel alloy, precision and durability with a very good price. HYUNDAI tools are ideally suited for professionals and craftsmen as well as for do-it-yourselfers. Depending on the composition, the sets have perfectly fitting socket wrenches and ring spanners, PIPE wrench and Tower Pincer, Locking Pliers, Aviation Snip, Grease Gun, Laser Distance Meter & Laser Level with high accuracy. All tools are made from a very high quality chrome-vanadium-steel alloy. The HYUNDAI tools are extremely wear-resistant and durable. The tools are available in a wide variety of compositions, so that a suitable set can be found for every need..

HYUNDAI

POWERFUL POWER EQUIPMENT

The powerful and extremely reliable HYUNDAI diesel generators up to 100 kW can be used continuously under high load. For private use in, for example, the household, the garden or other leisure activities, the HYUNDAI petrol and conversion generators up to 10 kW are the best choice. HYUNDAI water pumps are ideal for pool and pond owners. These pumps also offer a solution in times of unexpected flooding.

PRACTICAL GARDEN TOOLS

Garden tools from HYUNDAI that are powered by mains, battery or petrol, such as lawn mowers, lawn trimmers, chainsaws, leaf blowers, hoes, hedge trimmers, snow blowers, wood splitters and high-pressure cleaners, turn exhausting gardening into a pleasure.

RELIABLE TOOLS

For your workshop, HYUNDAI offers many robust and user-friendly, mains or batterypowered HYUNDAI tools such as cordless screwdrivers, drills, hammer drills, grinding machines, hot air guns, angle grinders and jigsaws.
